INFORMATIONAL LETTER

Rebuild Illinois Plan
FAP 567 (IL 38)
Section (7,6)RS-3
DeKalb County
Job No. C-93-041-19
Contract No. 66J64

Dear President Fahnestock:

In order to invest in our transportation system, the Illinois Department of Transportation is implementing the Rebuild Illinois plan. The District 3 office in Ottawa has determined a portion of IL 38 warrants inclusion in this program. The proposed road improvement begins just east of IL 23 in DeKalb and extends easterly to the Kane County Line (location map attached).

Construction is tentatively scheduled for the summer/fall of 2022, subject to project readiness and funding availability.

The proposed project consists of milling and resurfacing the existing pavement surface of the traffic lanes with 3 3/4" of new hot-mix asphalt. Work also includes ditch grading at spot locations, guardrail updates and ADA ramp updates. Cost of the described work will be assumed entirely by the state. IL 38 will remain open to traffic at all times during the construction.

Upon completion of the project, maintenance of IL 38 will resume as currently exists. All existing ordinances regulating parking, encroachments, and storm water/sanitary control along IL 38 shall remain in effect.

If you have any questions regarding this matter, please contact Brad Duncan of this office at 815-434-8420.

Sincerely,

Masood Ahmad, P.E.
Region Two Engineer
