https://www.bls.gov/regions/mountain-plains/news-release/consumerpriceindex_midwest.htm
- d. GIS – update and training
- e. Solar Ordinance
- f. Small Cell Wireless
- g. Engineering RFP

MINUTES

Finance Committee Meeting

May 28, 2019

Page 2 of 3

Trustee Higgins advised that approximately three years ago, the Board standardized the fee increases using the Consumer Price Index, but since then the index that the village was using no longer exists. Trustee Higgins made a recommendation to use the Midwest Region. He added that small increments are easier for residents to handle.

Trustee Ward made a motion to change the code to reflect the Midwest Region, and move it to the June Board agenda, seconded by Trustee Fahnestock.

Trustee Fahnestock had a question about how this would affect the amount of the increase. Trustee Higgins suggested leaving the minimum and the maximum as is. The committee discussed the changes and agreed that it really won't affect the increase.

Motion carried by voice vote.

Trustee Higgins advised the committee that water and sewer connection charge has been discussed every year in December and he feels that it needs to be changed to bring in revenue to help with infrastructure, but not to price the village out of the construction market. He added that a new water tower could cost about \$3 million, and these fees would be used to cover costs of the new water tower.

The committee then discussed the purpose of needing a new water tower for the new trustees. Fire flow was one of the most discussed items. Trustee Ward said that she agrees that these connection fees need to be implemented, moving the cost over to developers and builders.

The committee then discussed the lift station. The committee then discussed possible ways to pay for a new water tower. They included an IEPA loan, connection fees, possible use of TIF funds, and the use of a possible grant. The committee then discussed each of those.

Trustee Higgins suggested adding the cost of living increase to the water/sewer connection fee amounts. He also said that he would like to do some due diligence to find out what Elburn charges. Trustee Rebone said that he would reach out to one of Elburn's trustees that he knows and get information from him. Trustee Higgins said that Maple Park is better off comparing themselves to Elburn, and not Cortland or Genoa. Trustee Rebone said that Maple Park charges less than everyone, and he would like to get these fees back to 100%. He added that he agrees with adding on the cost of living increase, and that he is a firm believe that if the village is going to ask the residents to pay more, the builders and developers should pay more.

The committee agreed that Trustee Rebone will get information from St. Charles, Trustee Higgins will get information from Elburn, Village Clerk Liz Peerboom will get info from South Elgin, DeKalb and Cortland, and Jen Ward. The information found will be discussed at the June Finance meeting.

The committee then discussed the impact fee moratorium. The committee agreed that this will be a much bigger conversation we get more information.

Trustee Higgins advised that he is not getting very far with GIS training.

Trustee Higgins also advised that the solar ordinance is being re-worked by the Village Attorney.

Trustee Higgins then said the small cell wireless is being worked on by the Planning Commission and he is working with them.

6. STRATEGIC PLAN ITEMS

- a. Short Term
 - i. Zoning Review
 - ii. 5-Year Capital Plan
 - iii. TIF Plan

- b. Long Term
 - i. Downtown Development Plan
 - ii. Financing Major Infrastructure projects
 - 1. Water Tower
 - 2. Water Treatment Plant
 - 3. Village Hall

Trustee Higgins briefly discussed the zoning review, the 5-Year capital plan, a TIF policy, downtown development plan, and finance of a water tower, a water treatment plant and a new village hall. Village Clerk Liz Peerboom advised that, in Cortland, the staff does not handle the TIF application for funds. The application goes through the TIF attorney's office, but in DeKalb they have an employee that just does TIF.

The committee then discussed the fact that Main Street and County Line Road. The committee then agreed that more discussion is needed about getting those roads to become Maple Park jurisdiction.

7. ADJOURNMENT

Trustee Ward made a motion to adjourn the meeting, seconded by Trustee Fahnestock. Motion carried by voice vote.

Meeting adjourned at 8:54 p.m.

Liz Peerboom, CMC
Village Clerk

Committee Members

Trustee Chris Higgins, Chair
Trustee Suzanne Fahnestock
Trustee Chris Rebone
Trustee Jen Ward
