4. DISCUSSION OF IT BUDGET ITEMS WITH CMJ TECHNOLOGIES

Trustee Dries advised that he wanted to have representatives from CMJ Technologies, the village's IT consultant in to discuss the possible purchase of a new server. Chad Jewett and Mike King were present to talk about different choices for a new server. Mr. Jewett advised that the current server's warranty was expiring and so they went ahead and extended the warranty for another year so the village would have time to budget for a new server; adding that when that expires, the server will be 5 years old. He also advised that in 2020 Microsoft will stop supporting the village's current operating system. Mr. Jewett also had a concern about the village's internet connection for the addition of VOIPs. He said that he has quotes for a new internet provider, adding that he will give

the quotes that he has received to Clerk Peerboom. He will include CMJ's cost to install the wiring and phones. The committee discussed Voice Over IP Phones (VOIP) and Mr. Jewett suggested adding the police department into the number of phones that would convert to VOIP, considering the cost isn't that great. The committee then discussed increasing the new server to 2 terabytes. Mr. Jewett advised that will get all the quotes to the village by the middle of January.

The committee then discussed migrating over to Office 365 to get rid of the web mail feature. Mr. Jewett said that there could be a mix of solutions for Office 365. He said that some users could purchase the premium Office 365, but others would purchase the cheaper versions because they might not have computers.

5. DISCUSSION OF EMPLOYEE HANDBOOK

Trustee Dries advised that the committee would not be discussing this item.

6. OTHER ITEMS FOR CONSIDERATION FOR FUTURE MEETINGS

Trustee Dries said that, in the past, the committee had discussed the possibility of hiring a village administrator. He said that through the strategic plan he has found information on possibly hiring a part-time village administrator, as a consultant, but he doesn't want to make any decisions until after the strategic plan is finalized on December 17th.

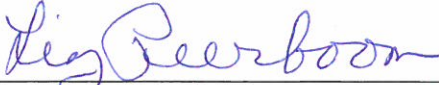

The committee also discussed the new sales tax numbers and what it could possibly be spent on. The committee talked about streets that need to be paved.

Trustee Dries advised that he will be cancelling the December meeting and come back in January with fresh ideas.
