INFRASTRUCTURE COMMITTEE MEETING MINUTES

Tuesday, April 26, 2016

7:00 p.m.

Maple Park Civic Center
302 Willow Street, Maple Park, IL

1. CALL TO ORDER / ESTABLISHMENT OF QUORUM

Chairman Luke Goucher called the meeting to order at 7:00 p.m.

Village Clerk Liz Peerboom called the roll call and the following Committee members were present: Trustee Luke Goucher, Trustee Terry Borg, Trustee Chris Higgins, and Trustee JP Dries.

Others present: Village Engineer Jeremy Lin, Bill McMahon, Progressive Energy, and Village Clerk Liz Peerboom.

2. PUBLIC COMMENTS – *Any resident wishing to address the Board may do so according to the Rules of Public Comment and should register with the Village Clerk prior to the meeting.*

None.

3. APPROVAL OF MEETING MINUTES

- **March 22, 2016**

Trustee Borg made a motion to approve the meeting minutes from March 22, 2016, seconded by Trustee Dries. Motion carried by voice vote.

4. GRANT DISCUSSION

Village Engineer Jeremy Lin summarized the grants that he has been researching. He advised that he has been in contact with Kane County and they would like to do a survey of about 10 residents on Washington, Pearl, State and Center. This survey would start the process for a CDBG grant to alleviate flooding in that area.

Mr. Lin also discussed the possibility of applying for a DCEO grant through the Illinois Department of Commerce, adding that there is a workshop in Springfield that someone from the village should attend. Mr. Lin suggested that the village should look at this grant every year.

Mr. Lin went on to discuss the USDA Water and Wastewater Loan and Grant assistance. He added that one of the programs is a revolving loan fund that has an application

deadline of 5/31/16. He went on to say that the other loan and grant program accepts applications year round and is designated to assist communities with less than 10,000 in population. The village would be eligible for these programs as long as the project is located on the DeKalb County side.

Trustee Higgins asked if the new water tower or the new waste water treatment plant would have the higher priority. Mr. Lin said that there are pros and cons to each. Mr. Lin said that another thing to think about would be would the fees for the new treatment plant be spread over the entire village or just new users.

Trustee Goucher asked if a new subdivision could possibly have their lagoon system. Mr. Lin said that it wouldn't make sense to have two systems. Trustee Borg said that the focus should be on a new water tower. Mr. Lin advised that a new water tower would be less expensive than a new waste water treatment plant, adding that it would be just under \$1 million for a new water tower, but around \$4 million for a new waste water treatment plan.

Trustee Higgins asked if the village would then retire the old water tower. Mr. Lin said that the old water tower would still be used along with the new water tower. Trustee Goucher suggested putting the new water tower on the village owned Memorial Park land in Heritage Hills Phase III.

Trustee Goucher asked the committee to think about possibly sending someone to the workshop in Springfield, adding that he has interest but he would need to check his schedule.

5. MAINTENANCE LIST

Mr. Lin distributed an updated maintenance list with items that need to be done, and also some items that have been completed.

6. SEWER RECAPTURE RATE / WATER & SEWER RATES

The committee discussed current recapture rate, what the sewer connection charge would be if it were not waived, and water and sewer connection charges for other municipalities.

The committee then discussed possible ways to cover the cost of a new waste water treatment plant. Mr. Lin said that \$10,000 water/sewer connection charge is not out of line. The committee also discussed the possibility of raising the gas tax or the sales tax.

After some discussion, it was decided that the Village Clerk will gather the following information for the committee:

- Deadline for a referendum
- Numbers and data for the last referendum
- Tuckpointing figures for the last five years
- Old water connection fee

Mr. Lin advised the committee that his company is filling in for Bob O'Connor while he is out recovering from heart surgery. Mr. Lin added that the contract will be ratified at the May 3rd Board meeting.

7. OTHER ITEMS

Bill McMahon from Progressive Energy was present to discuss the renewal of the agreement between the Village of Maple Park and Progressive Energy for the village electric accounts. Mr. McMahon advised that this is for the electric accounts for the street lights, lift station and any other village accounts, but this is not aggregation for the resident's accounts.

Mr. McMahon advised that the cost of electricity is expected to rise in June of 2016, adding that this is a good time to get an agreement for lower cost electricity. He said that the cost from MC Squared, LLC (MC²), would be \$0.0552 per kilowatt for electricity. He believes that ComEd's price may go up to approximately \$0.07 per kilowatt.

Mr. McMahon advised that over the last five years, the Village of Maple Park has saved a total of \$25,000 on their electricity accounts, and recommended that the Village of Maple Park enter into a contract with MC² for 34 months at \$0.0552 per kilowatt for electricity.

Trustee Higgins asked about "Green Energy." Mr. McMahon advised that he could get prices on green energy, but he knows that it will be a lot more expensive. He added that this company is somewhat green, but he will bring those prices to the Board of Trustees meeting on May 3rd.

Mr. McMahon said that the village's projected annual usage is 278,757 kilowatts. Trustee Borg asked about the number of kilowatts that the village uses and would like to know if that is more than other municipalities. Mr. McMahon said that he does not think that that amount is out of line.

Trustee Borg said that he was surprised that the village used the same amount of kilowatts for two years in a row. Trustee Borg asked about energy reviews by ComEd. Mr. McMahon explained the program where ComEd sends a company to change out light bulbs to energy efficient bulbs. Mr. McMahon will find out if they can come to the village to do an analysis.

Trustee Borg asked Mr. McMahon how Progressive Energy gets paid. Mr. McMahon advised that they get a fee from whatever company that contracts with the village.

Trustee Borg made a motion to move this item to the Board agenda for May 3, 2016, seconded by Trustee Dries. Motion carried by voice vote.

8. ADJOURNMENT

Trustee Borg made a motion to adjourn the meeting, seconded by Trustee Higgins. Motion carried by voice vote.

Meeting adjourned at 8:56 p.m.

VILLAGE OF ELBURN

ORDINANCE NO. 2015 – 01

AN ORDINANCE AMENDING
CHAPTER 1042 "WATER RATES AND CHARGES"
OF THE VILLAGE OF ELBURN CODIFIED ORDINANCES

ADOPTED BY
THE BOARD OF TRUSTEES
OF THE
VILLAGE OF ELBURN

2 March, 2015

**AN ORDINANCE AMENDING
CHAPTER 1042 "WATER RATES AND CHARGES"
OF THE VILLAGE OF ELBURN CODIFIED ORDINANCES**

WHEREAS, 65 ILCS 5/11-129-10 and 65 ILCS 5/11-139-8 of the Illinois Municipal Code grants municipalities the power to make all needful rules and regulations in connection with its water supply system, including the establishment of rates and charges; and

WHEREAS, the President and the Board of Trustees of the Village of Elburn has found and determined a need exists to amend Chapter 1042 "Water Rates and Charges" of the Village of Elburn Codified Ordinances.

THEREFORE, BE IT ORDAINED by the President and Board of Trustees of the Village of Elburn, Kane County, Illinois, as follows:

SECTION ONE: That Chapter 1042 "Water Rates and Charges" of the Village of Elburn Codified Ordinance is amended in its entirety to hereinafter read as follows:

CHAPTER 1042

Water Rates and Charges

- 1042.01 Purpose; establishment.
- 1042.02 Waterworks usage and rates.
- 1042.03 Water bills.
- 1042.04 Liability for payment of bills.
- 1042.05 Destruction of improvements; discontinuance of service and connection due to delinquency or lack of meter.
- 1042.07 Adjustments.
- 1042.99 Penalty.

1042.01 PURPOSE; ESTABLISHMENT.

The waterworks service charges are for the privilege of services for furnishing adequate capacity of water supply, storage, and major distribution and for materials for extending, connecting to, expanding, or replacement of the waterworks system ready to serve the applicant's lot, parcel or tract of land.

- (a) **Meter and Automatic Meter Reader Charges.** All meters, automatic meter readers and accessories shall be furnished by the Village upon application to the Village and upon payment to the Village of the Village's annually published cost that shall include the cost of the meter, the cost for shipping and handling, storing, administrative costs, plus a sixty-dollar (\$60.00) installation charge. Unusual installation requests made by the customer that can be satisfied by the Village may result in additional installation costs to be paid by the customer; said additional costs shall be determined by the Director of Public Works.

- (b) **Water Service Pipe Charges.**

	Size Charge
(1) 3/4 inch service pipe	\$125.00
(2) 1 inch service pipe	\$175.00
(3) 1-1/4 inch and larger	Cost of material and labor plus 25%

- (c) **Obligations of Village and Customer Upon Payment.** In return for payment of the above charges, the Village will make a service tap to an existing water main and install a corporation stop. The customer or property owner shall, at his or her expense:

- (1) Install all materials to, and including, the curb stop and service box (Buffalo Box) all on a publicly dedicated street right of way or utility easement, with the service box being located approximately seven and one-half feet from the customer's property line.
- (2) Excavate and backfill the service trench from the water main to the service box, and return any public or privately owned property, street, driveway or utility to its original condition or better. Backfill for all service trenches under streets or driveways shall be approved aggregate trench backfill for the full depth of the trench. When required by the Village, the service shall be pushed or bored under the street at the customer's expense.

- (d) **Inspection Charge.** There shall be a charge of forty dollars (\$40.00) for inspecting the connection to the service box and the installation of the customer's service pipe up to the building foundation.

- (e) **Waterworks Connection Charge.** For the privilege of connecting to the existing water supply, treatment, storage and distribution system, the following connection charges shall apply and shall be paid to the Village prior to the connection of either a building service pipe or a new main

extension. The Waterworks Connection Charge is \$915.00 per Population Equivalent (P.E.)

(1) Single or multifamily residential land use (3.23 PE/unit) \$2,955.00

(2) Apartments or Condominium:

1 Bedroom (1 P.E./Unit)	\$ 915 .00
2 Bedroom (2 P.E./Unit)	\$1,910 .00
3 Bedroom or greater (3 P.E./Unit)	\$2,865 .00

(3) Business:

per 1,000 square feet of building floor area	\$260.00
with a minimum charge of	\$968.00

(4) Industrial

per acre of property	\$520.00
with a minimum charge of	\$968.00

The charges shall be greater of the above charges, or those provided in or any agreement between the Village and any other parties which cause the waterworks system to be extended to the point of proposed connection.

The waterworks service charge shall be adjusted annually on May 1 by the greater of either the Consumer Price Index-Chicago (All) (CPI-U) or two (2) percent. CPI-U shall be calculated by using the previous full calendar year.

- (f) Recapture Charges for Waterworks Service Connection. For the privilege of making a service connection to any existing water main which has been installed by the Village or others, the cost of which was not participated in by present or past owners of the property being connected the following recapture charge shall be paid to the Village before the service connection is made or a building permit issued.

The recapture charges above shall be the greater of the following charges or those provided in any agreement between the Village and other parties which caused the existing water main to be constructed.

The following charges set forth elsewhere in this Section 1042.01 shall be in addition to those set forth below.

For the first twenty fixture units connected to said service	\$400.00
For the next fifty fixture units	\$15.00/F.U.
For the next 130 fixture units	\$10.00/F.U.
For all over 200 fixture units	\$7.50//F.U.

The fixture units shall be computed according to Table A.3.5, Appendix A of the Illinois State Plumbing Code and National Bureau of Standards Report BMS-79 and BMS-66.

If, after the waterworks service charges or assessments have been paid, there is a change in the use of the property which results in a higher demand classification, the difference between the waterworks connection charges for the new demand and the old demand shall be paid at the time of application for a building permit.

1042.02 WATERWORKS USAGE AND RATES.

(a) Water Meters.

- (1) Water meters, automatic meter readers, and accessories shall be installed on all water services (including existing residences and businesses) as required for the particular services, at the customer's expense. The size of the water meter shall be established based upon the probable demand load. The demand load shall be based upon the number and kind of fixtures or connections installed and on the probable simultaneous use of these fixtures or connections.
- (2) All meters shall be purchased from and maintained by the Village at the expense of the applicant. All meters furnished by the Village will include an outside remote reading head. The meter and automatic meter reader and accessories will be furnished at the time of application and upon payment of all service charges.
- (3) The water meter and remote reading head shall be installed by the Village. The water meter shall be installed in the basement or utility room, or in an accessible location where the meter can be removed without the removal of any part of the building structure. The meter shall not be installed in the following locations: in crawl spaces, under kitchen cabinets or sinks, in living rooms, under enclosed stairways, in locations where meters are subjected to flooding or freezing, in coal bins, ventilation shafts, electrical panels, or cabinets. The location of the meter shall be not more than 25 feet from the exterior remote reading head. The remote reading head shall be installed on the outside of the building, in a

location that allows said meter to be read without obstruction or entering the building or enclosure.

- (4) The metering facilities shall be installed in such a manner as to be plumb so as to ensure permanent attachment to a rigid, vibration-free wall or structure.
- (5) For all customers who remodel, improve, or change any structure or building for which a building permit is required, the remote reading head furnished by the Village shall be installed by the Village, and gate valves shall be required before each meter.

(b) Reading Meters. The Director of Public Works shall read or cause to be read every water meter used in the Village at such times as are necessary to ensure that bills are sent out on time.

(c) Basic water service charges: The water service charge for the use of and for service supplied by the water facilities of the Village of Elburn shall consist of a basic user charge, a debt service charge, and a capital improvement charge.

(1) The basic user charge is levied on all users to recover the operation, maintenance and replacement (O, M & R) costs and shall be based on water usage as recorded by water meters.

(2) The basic user charge shall be computed as follows:

- (a) Estimate the annual water volume.
- (b) Estimate the projected annual revenue required to operate and maintain the water facilities, including a replacement fund for the year.
- (c) Compute costs per 100 cubic feet.

(3) The debt service charge is computed by apportioning the annual debt service as a charge per 100 cubic feet.

(4) The capital improvement charge is levied on users to provide for capital improvements, extensions or reconstruction of the water works. The capital improvement charge is a flat charge per customer account.

(d) Monthly Water Service Charge. The meter rates per month for water furnished to customers of the Village shall be as follows:

- (1) The Basic User Charge for the first 100 cubic feet of water, or any part thereof, furnished per month, the rate shall be three dollars and ninety-six cents (\$3.96) and for each additional 100 cubic feet of water furnished, or part thereof, the rate shall be three dollars and ninety-six cents (\$3.96) applied to all users to recover O, M & R costs..

changes.

(e) Discontinuance of Service.

- (1) If any bill for the use or service of the Village waterworks system is not paid by the due date stamped thereon, a five dollar (\$5.00) or 10 percent, whichever is greater, for the total amount due shall be assessed.
- (2) If any bill for the use or service of the waterworks system is not paid within 30 days after the due date, the use or service for which the bill is delinquent may be discontinued following notice of delinquency to the owner, and to the tenant(s) if it is a rental property, and shall not be reinstated until all charges are paid in full.
- (3) Failure to pay the bill for use of the Village waterworks system within thirty (30) days of its due date may result in termination of the service. The Department of Public Works shall be responsible for shutting off service, but only after receiving a signed authorization form from the Finance Director or the Village Administrator. However, in no event shall service be discontinued without first affording the customer notice and an opportunity to discuss the matter at a meeting with the Finance Director or Village Administrator. The customer shall have the right to appeal the decision of the Finance Director or Village Administrator to the Village Board of Trustees.
- (4) In the event service has been terminated, the service shall not be reinstated until the customer has paid all bills, and paid a reinstatement fee. The reinstatement fee is thirty dollars (\$30.00) during normal working hours. The reinstatement fee is seventy-five dollars (\$75.00) after normal working hours or on Village Holidays, which will be due on the following working day at 8:00 am. The service will be terminated until payment in full is received and a reinstatement fee will be added to the bill if the payment is not received by the following working day at 8:00 am.
- (5) The Village Attorney may be authorized, pursuant to State statutes, by the Village Administrator or the Finance Director, to institute the appropriate proceedings to place a lien against the property for which the water bill is unpaid. The lien shall not be removed until such time as all Water Service bills are paid. The Village Attorney may also be authorized by the Village Administrator or the Finance Director to obtain or secure collection of any charges due hereunder that remain unpaid, including reasonable attorneys' fees and court costs.

1042.03 WATER BILLS.

- (a) Dates of Bills. Bills for the use of the Village waterworks system shall

- (2) Debt Service Charge: There shall be and there is hereby established a debt service charge of \$0.00 per (100 cubic feet per month) to each user of the water facility.
- (3) Capital Improvement Charge: There shall be and there is hereby established a capital improvement charge of \$7.50 per month to each user of the water facility.
- (4) Rates: A minimum charge of \$7.50 per month shall be applied to all users. The aforesaid rates shall apply to monthly periods, and the charge shall be based upon meter readings or reasonable estimates thereof.
- (5) Additional charges shall apply as follows:
 - A. There is an additional charge for private fire service connection as follows: for each six-inch or less private fire service connection, sixty-five dollars (\$65.00) per year; for each eight-inch private fire service connection, one hundred twenty-five dollars (\$125.00) per year.
 - B. Notwithstanding the foregoing, the rate per month for water furnished to premises located outside of the corporate limits of the Village shall be five dollars and four cents (\$5.04) for the first 100 cubic feet of water, or part thereof, furnished per month. For each additional 100 cubic feet of water furnished, or part thereof, the rate shall be five dollars and four cents (\$5.04). The minimum charge for any monthly period, or part thereof, shall be nine dollars and seventy-five cents (\$9.75).
- (6) For any customer of the Village who has on a minimum of two occasions paid water bills by check, and said check or checks were returned to the Village because of "nonsufficient funds," or other refusal of the bank to pay the full amounts indicated on the face of the check, the Village may thereafter refuse to accept all future payments made by that customer if made by check; and the Village may insist that all future payments made by that customer be paid by cash, credit card, money order, cashier's check or certified check.
- (7) The adequacy of the Water Basic User Charge, Debt Service Charge, Capital Improvement Charge, Water Connection Charge shall be reviewed, not less often than annually. The Basic User Charge and Capital Improvement Charge shall be adjusted annually on May 1 by the greater of either the Consumer Price Index-Chicago (All) (CPI-U) or two (2) percent. CPI-U shall be calculated by using the previous full calendar year. The Water Debt Service Charge shall be revised periodically, not less often than annually, to reflect debt repayment

be rendered monthly, however nothing in this section shall preclude the Village from billing customers in cycles which may occur on different weeks of the month, however such cycles shall be regular from month to month.

1042.04 LIABILITY FOR PAYMENT OF BILLS.

The owner of a premises and the occupant thereof, shall be jointly and severally liable for the payment of any bill rendered by the Village for such use or uses.

1042.05 DESTRUCTION OF IMPROVEMENTS; DISCONTINUANCE OF SERVICE AND CONNECTION DUE TO DELINQUENCY OR LACK OF METER.

(a) In the event that the improvements serviced by the waterworks system, or any portion thereof, are destroyed by fire, razing or in any other manner, the Director of Public Works may, in his or her discretion, discontinue the service to such improvement for such time period as is necessary for the protection of the residents of the Village and the waterworks system, and may cause such service to be resumed at no charge to the customer.

1042.06 BULK WATER SALES

A base charge of twenty-five dollars (\$25.00) plus water at the metered rate will be charged to the customer requesting bulk water. Public Works will provide the meter to be used.

1042.07 ADJUSTMENTS.

The Director of Public Works or the Village Administrator may authorize a billing adjustment in cases of village owned equipment failure. Records of each adjustment shall be kept on file with the Utility Billing Clerk.

1042.99 PENALTY.

(EDITOR'S NOTE: See Section 202.99 for general Code penalty if no specific penalty is provided.)

SECTION TWO: That all ordinances and parts of ordinances in conflict with or inconsistent with the provisions of this ordinance are hereby repealed to the extent of any such conflict or inconsistency.

SECTION THREE: That if any part or portion of this ordinance shall be declared invalid by a court of competent jurisdiction, such partial invalidity shall not affect the remainder of this ordinance.

SECTION FOUR: That this Ordinance shall be in full force and effect from and after its passage and approval by the President and Board of Trustees.

VILLAGE OF MAPLE PARK

ORDINANCE NO. 2014-11

**AN ORDINANCE AMENDING TITLE 9, CHAPTER 1,
ARTICLE A OF THE VILLAGE CODE OF THE VILLAGE
OF MAPLE PARK, CHAPTER 1, SECTION 9-1A-1,
“WATER SERVICE RATES & CHARGES”**

**ADOPTED BY
THE BOARD OF TRUSTEES
OF THE
VILLAGE OF MAPLE PARK**

ORDINANCE NO. 2014-11

**AN ORDINANCE AMENDING TITLE 9, ARTICLE A OF
THE VILLAGE CODE OF THE VILLAGE OF MAPLE
PARK, CHAPTER 1, SECTION 9-1A-1, "WATER SERVICE
RATES & CHARGES"**

WHEREAS, the Board of Trustees of the Village of Maple Park, DeKalb and Kane Counties, Illinois (hereinafter referred to as the "VILLAGE"), is a non-home rule municipality, organized and existing pursuant to the Illinois Municipal Code, 65 ILCS 5/1-1-1, *et seq.*; and

WHEREAS, there is in effect, in Title 9, Chapter 1, Section 9-1A-1, of the Maple Park Village Code (hereinafter referred to as "CODE"), a provision imposing Water Rates and Charges which establishes certain rates for water service for users both within and outside corporate limits of the Village; and

WHEREAS, pursuant to the compulsory review of the adequacy of the water rates and charges of the Corporate Authorities of the Village seeking to ensure that such rates and charges provide sufficient funds to pay all expenses of the water system, the Corporate Authorities have determined that it will serve the best interests of the Village to amend the code to provide an increase in water rates; and

WHEREAS, it is the intention of the Corporate Authorities to amend the code to reflect the increased water rates for the users of the water system;

NOW THEREFORE, BE IT ORDAINED by the President and Village Board of the Village of Maple Park DeKalb and Kane Counties, Illinois, in a regular session as follows:

Section 1. That the recitals set forth are incorporated herein and made a part hereof.

Section 2. That Title 9, Chapter 1, Section 9-1A-1, paragraphs A, B, and C of the Village Code be amended as follows:

9-1A1: WATER SERVICE RATES AND CHARGES ESTABLISHED:

There shall be and there is hereby established charges and rates for the use of and service supplies by the water system of the village as follows:

A. Basic User Charge Inside Corporate Limits:

- 1) As of July 1, 2014, a basic user charge for water service is hereby established in the amount of Ten dollars and Forty-Two Cents (\$10.42) per month for each metered user/owner/occupant of the village water system. This minimum payment will be used for the payment of part of the fixed expenses incurred in the operation and maintenance of the water system. The basic user charge includes up to two thousand (2,000) gallons of water per month.
- 2) As of July 1, 2015, a basic user charge for water service is hereby established in the amount of Ten dollars and Seventy-Four Cents (\$10.74) per month for each metered user/owner/occupant of the village water system. This minimum payment

will be used for the payment of part of the fixed expenses incurred in the operation and maintenance of the water system. The basic user charge includes up to two thousand (2,000) gallons of water per month.

- 3) As of July 1, 2016, a basic user charge for water service is hereby established in the amount of Eleven dollars and Six Cents (\$11.06) per month for each metered user/owner/occupant of the village water system. This minimum payment will be used for the payment of part of the fixed expenses incurred in the operation and maintenance of the water system. The basic user charge includes up to two thousand (2,000) gallons of water per month.

B. Debt Service Charge Inside Corporate Limits: For each metered user/owner/occupant of the water system, there shall be and there is hereby established a debt service charge in the amount of Five dollars and Sixty-Five Cents (\$5.65) per month to each user of the water system. This debt service charge is computed by apportioning the annual debt service for the water system as a fixed charge per billing period.

C. Water Rate Inside Corporate Limits: For each metered user/owner/occupant of the water system with usage in excess of two thousand (2,000) gallons per month, there shall be and there is hereby established as follows:

As of July 1, 2014 a water rate of Five dollars and Twenty-One Cents (\$5.21) per one thousand (1,000) gallons for all usage in excess of two thousand (2,000) gallons per month upon the amount of water consumed as shown by the water meter reading.

As of July 1, 2015, a water rate of Five dollars and Thirty-Seven Cents (\$5.37) per one thousand (1,000) gallons for all usage in excess of two thousand (2,000) gallons per month upon the amount of water consumed as shown by the water meter reading.

As of July 1, 2016, a water rate of Five dollars and Fifty-Three (\$5.53) per one thousand (1,000) gallons for all usage in excess of two thousand (2,000) gallons per month upon the amount of water consumed as shown by the water meter reading.

The water rate is established to recover the village's operation, maintenance and replacement (OM&R) costs and shall be computed on the following:

1. Estimated annual water volume for the next fiscal year.
2. Estimated projected annual revenue required to operate and maintain the water system during the next fiscal year, including a replacement fund of Fifty Cents (\$0.50) per one thousand (1,000) gallons.
3. Estimated annual revenue to be received from the basic user charge.
4. Subtracting the revenue to be received from the basic user charge from the projected annual revenue required to operate the water facilities, including a replacement fund and compute a water rate per one thousand (1,000) gallons.

Section 5. That all ordinances or parts of ordinances in conflict with this Ordinance are hereby repealed.

Section 6. Should any provision of this Ordinance be declared invalid by a court of competent jurisdiction, the remaining portions shall remain in full force and effect as if the invalid provision had not be part of this Ordinance.

Section 7. This ordinance shall be in full force and effect on and after is approval, passage and publication in pamphlet form as provided by law.

PASSED this 3rd day of June, 2014, pursuant to roll call vote as follows:

AYES: Borg, Cutsinger, Lunardon, Nowak, Goucher

NAYS: None

ABSENT: Armstrong

APPROVED this 3rd day of June, 2014.

VILLAGE OF ELBURN

Sewer Rates (effective - May 2016 Billing Cycle)

The waste water treatment bill, as established in Section 1062.02, shall consist of the following rates, based on the amount of water consumed by the consumer:

- A base charge of \$7.50. Additionally, for each 100 cubic feet of water, or any part thereof, furnished per month, the rate shall be \$6.52. For each additional 100 cubic feet of water furnished, or any part thereof, the rate shall be \$6.52.
- The aforesaid rate shall apply to monthly periods, and the charge shall be based upon consumer water meter readings or reasonable estimates thereof.
- Notwithstanding the foregoing, the base fee for the use of the village's sanitary sewerage and waste water treatment by premises located outside of the corporate limits of the village shall be a base fee of \$9.75, plus \$8.48 per each 100 cubic feet of water, or any part thereof, furnished per month. For each additional 100 cubic feet of water furnished, or any part thereof, the rate shall be \$8.48.

VILLAGE OF MAPLE PARK

ORDINANCE NO. 2014-12

**AN ORDINANCE AMENDING TITLE 9, CHAPTER 2,
ARTICLE B OF THE VILLAGE CODE OF THE VILLAGE
OF MAPLE PARK, CHAPTER 1, SECTION 9-2A-1,
“WASTEWATER SERVICE CHARGES”**

**ADOPTED BY
THE BOARD OF TRUSTEES
OF THE
VILLAGE OF MAPLE PARK**

Published in pamphlet form by authority of the Board of Trustees of the Village of Maple Park,
Kane and DeKalb Counties, Illinois, this 5th day of June, 2014.

ORDINANCE NO. 2014-12

**AN ORDINANCE AMENDING TITLE 9, CHAPTER 2,
ARTICLE B OF THE VILLAGE CODE OF THE VILLAGE
OF MAPLE PARK, CHAPTER 1, SECTION 9-2A-1,
“WASTEWATER SERVICE CHARGES”**

WHEREAS, the Board of Trustees of the Village of Maple Park, DeKalb and Kane Counties, Illinois (hereinafter referred to as the “VILLAGE”), is a non-home rule municipality, organized and existing pursuant to the Illinois Municipal Code, 65 ILCS 5/1-1-1, *et seq.*; and

WHEREAS, there is in effect, in Title 9, Chapter 1, Section 9-2A-1, of the Maple Park Village Code (hereinafter referred to as “CODE”), a provision imposing Wastewater Service Charges which establishes certain rates for wastewater service for users both within and outside corporate limits of the Village; and

WHEREAS, pursuant to the compulsory review of the adequacy of the rates and charges of the Corporate Authorities of the Village seeking to ensure that such rates and charges provide sufficient funds to pay all expenses of the wastewater system, the Corporate Authorities have determined that it will serve the best interests of the Village to amend the code to provide an increase in wastewater rates; and

WHEREAS, it is the intention of the Corporate Authorities to amend the code to reflect the increased water rates for the users of the wastewater system;

NOW THEREFORE, BE IT ORDAINED by the President and Village Board of the Village of Maple Park DeKalb and Kane Counties, Illinois, in a regular session as follows:

Section 1. That the recitals set forth are incorporated herein and made a part hereof.

Section 2. That Title 9, Chapter 2, Section 9-2A1, Paragraph J of the Village Code be amended as follows:

9-2A1: J. WASTEWATER SERVICE CHARGES AND RATES ESTABLISHED:
For each use of service of the wastewater facilities there shall be a charge or rate based upon the amount of water consumed, as shown by water meters, each monthly period as follows:

There shall be and there is hereby established charges and rates for the use of and service supplies by the wastewater system of the village as follows:

- 1) As of July 1, 2014, a basic user charge for wastewater service is hereby established in the amount of Twelve Dollars and Ninety-Four Cents (\$12.94) per month for each metered user/owner/occupant of the village wastewater system. This minimum payment will be used for the payment of part of the fixed expenses incurred in the operation and maintenance of the wastewater system. The basic user charge includes up to two thousand (2,000) gallons per month.
- 2) As of July 1, 2015, a basic user charge for wastewater service is hereby established in the amount of Thirteen Dollars and Thirty Four Cents (\$13.34) per month for each metered user/owner/occupant of the village wastewater system. This minimum payment will be used for the payment of part of the fixed expenses

incurred in the operation and maintenance of the wastewater system. The basic user charge includes up to two thousand (2,000) gallons per month.

- 3) As of July 1, 2016, a basic user charge for wastewater service is hereby established in the amount of Thirteen Dollars and Seventy Four Cents (\$13.74) per month for each metered user/owner/occupant of the village wastewater system. This minimum payment will be used for the payment of part of the fixed expenses incurred in the operation and maintenance of the wastewater system. The basic user charge includes up to two thousand (2,000) gallons per month.
- 4) **Wastewater User Charge: Effective July 1, 2014**, for each user of the waste water facilities with usage in excess of two thousand (2,000) gallons per month, there shall be established a wastewater user charge of Six Dollars and Forty-Seven Cents (\$6.47) for each thousand gallons of water usage.
- 5) **Wastewater User Charge: Effective July 1, 2015**, for each user of the waste water facilities with usage in excess of two thousand (2,000) gallons per month, there shall be established a wastewater user charge of Six Dollars and Sixty-Seven Cents (\$6.67) for each thousand gallons of water usage.
- 6) **Wastewater User Charge: Effective July 1, 2016**, for each user of the waste water facilities with usage in excess of two thousand (2,000) gallons per month, there shall be established a wastewater user charge of Six Dollars and Eighty-Seven Cents (\$6.87) for each thousand gallons of water usage.
- 7) **Non-metered Residential Users; Flat Rate:**
 - a. All non-metered residential users of the wastewater facilities shall pay a flat rate charge of fifty dollars (\$50.00) per month. The flat rate charge consists of forty eight dollars (\$48.00) for Operations Maintenance and Replacement and debt service costs and two dollars (\$2.00) for capital improvement costs. The flat rate charge will allow a maximum of five thousand (5,000) gallons per month.
 - b. In the event use of wastewater facilities is determined by the village to be in excess of six thousand gallons per month (6,000) gallons per month, the village board may require such a flat rate user to install metering devices on the water supply or sewer main to measure the amount of services supplied.
- 8) **Surcharge Rates:** The surcharges for BOD and SS shall be as follows:

Per pound of BOD	\$0.12
Per pound of SS	\$0.08

Section 5. That all ordinances or parts of ordinances in conflict with this Ordinance are hereby repealed.

Section 6. Should any provision of this Ordinance be declared invalid by a court of competent jurisdiction, the remaining portions shall remain in full force and effect as if the invalid provision had not be part of this Ordinance.

Section 7. This ordinance shall be in full force and effect on and after is approval, passage and publication in pamphlet form as provided by law.

PASSED this 3rd day of June, 2014, pursuant to roll call vote as follows:

AYES: Cutsinger, Lunardon, Nowak, Goucher

Subject: RE: Maple Park - North Baseball Field

To: "lgoucher@hotmail.com" <lgoucher@hotmail.com>

Cc: "matt.trainor@mapleparkbaseball.net" <matt.trainor@mapleparkbaseball.net>, "kevin.piemonte@mapleparkbaseball.net" <kevin.piemonte@mapleparkbaseball.net>

Hey Luke,

I hope all is well on your end.

I would like to ask for your assistance. With the fields being extremely terrible the past few years we were finally able to get enough help to fix the South baseball field last fall. Since doing so the South field now supports 4 teams for practices and games which at times can get a little crazy. The North field needs to be addressed so that we can utilize it for our MP Softball Team and for practices for our other teams. Right now any rain at all and the water just sits on top of the dirt.

The dirt in the past has been the same exact mix that is utilized at Wrigley field but the biggest problem with this particular mix is that both MP and MP Baseball do not have the money nor the resources to maintain such a high maintenance mix. The mix is very sooty and with that 2 problems occur. When wet, it turns to mud and holds water and the second issue is when the air is hot and dry it just blows around making the playing conditions not that great. The solution that seems to work for Wrigley field is to have a tarp to cover from rain and to spray it down when very dry. As you know neither MP or MP Baseball can keep up with this style of maintenance. I get it that is cool to say that MP has the same mix on our baseball fields but if you cannot afford it, it doesn't make sense any longer to have it.

MP Baseball has come up with a solution that we would like MP to get behind and approve. MP Baseball has done their due diligence in securing a mix that was utilized on the South Field last Fall and has proven great results. We have received notice from Vulcan Materials that they will be donating the materials that is needed to have the North field redone properly. We have also received notice that JL Excavating will be donating the machinery time, labor and staff to perform the necessary work needed.

Now we are looking to have MP approve MP Baseball to redo the North Field so that this field can be utilized to its fullest and be once again be safe.

Here is our plan for the North field in 2 stages:

Stage 1: Field – during season

Step 1: remove several inches of the top layer of the current dirt mixture and place to the side of the field.

Step 2: remove the remaining layer of the dirt mixture and place on the side of the field.

Step 3: we will blend the new materials and the bottom layer of the current dirt mix and will lay that down on the field.

Step 4: we will take the top layer of the current mix and blend at a smaller percentage of new materials along with the top layer and we will lay that down on top of the first blend.

Stage 2: Drain Tile - right after softball season

Step 1: meet with MP public works to locate the existing drain tile that lies just beyond the North field

Step 2: Clean out drain tile in left field to stop the flooding which also occurs during heavy rains

Luke, since we have been approved for the donations by both Vulcan and JL Excavating we would really like to get MP's approval and get this taken care of as soon as possible.

I look forward to hearing back from you.

2014 Willow/Liberty St Storm Sewer Replacement	Replacement of aging storm sewer to alleviate flooding at Liberty/Willow		

LOCATIONS OF SURFACE AREA FLOODING
SEPTEMBER 12 - 14, 2008 FLOOD EVENT

Maple Park Storm Sewer Improvements

Project Scope:

The area north of town along Pearl St, Broadway St, and Charles St have been prone to flooding due to low areas and flat grades. The existing storm sewers in this area are undersized to handle any large rain event, and the storm sewer system runs in a jagged manner. The 2008 storm investigation considered a new storm sewer system that would run east along Pearl, south along Charles, and then east along State to County Line Rd all the way to Union Ditch by the WWTP. The estimated construction cost for this project in 2008 was \$1.4 million.

The improvements to the storm sewer system however can be accomplished in sections as budget allows. The ideal situation is to study and layout the proposed storm sewer in this area from the start at Broadway/Pearl through to County Line Rd. The construction of these improvements should be in conjunction with any paving project along these roads to minimize any disturbance to the area.

In order to study these improvements, a survey and engineering project would have to be completed to better determine the grades, slopes and storm sewer improvements. The budget for the upfront work would be as follows:

Survey: \$15,000
Engineering: \$25,000

Another option is to take a small section of the proposed route, say Broadway/Pearl to Charles to State St.

The budget for this option would be:

Surveying: \$4,000
Engineering: \$7,500
Construction: \$75,000

CURRENT

Chapter 7 NOISE CONTROL

5-7-1: DEFINITIONS:

All terminology used in this chapter shall be in conformance with applicable publications of the American National Standard Institute (ANSI) or its successor body. (Ord. 1998-05, 2-3-1998)

5-7-2: WEIGHTED SOUND LEVEL:

This means the sound pressure level decibels as measured on a sound level meter using the "A" weighing network. The level so read is designated dB(A) or dBA. (Ord. 1998-05, 2-3-1998)

5-7-3: HOURS RESTRICTED:

- A. Day Hours: No person shall cause or allow the emission of sound during the daytime hours (7:00 A.M. to 10:00 P.M.) from any noise source to any receiving residential land which exceeds sixty five (65) dBA when measured at any point within such receiving residential land; provided, however, that point of measurement shall be on the property line of the complainant.
- B. Night Hours: No person shall cause or allow the emission of sound during nighttime hours (10:00 P.M. to 7:00 A.M.) from any noise source to any receiving residential land which exceeds fifty (50) dBA when measured at any point within such receiving residential land; provided, however, that point of measurement shall be on the property line of the complainant. (Ord. 1998-05, 2-3-1998)

5-7-4: VARIANCE PERMITS:

- A. Conditions For Allowing Variance: Variance permits may be issued by the village to exceed

the noise standards set forth in this chapter as follows:

1. A temporary variance permit may be issued upon request; provided, that the work producing such noise is necessary to promote the public health and/or welfare and reasonable steps are taken to keep such noise at the lowest possible practical level.
 2. A permanent variance permit may be issued upon request, following an investigation into the source of the noise, including what, if any, measures can be taken to reduce or eliminate the noise; the cost of any such measure; and an overall evaluation of the request including the severity of the problem weighted against the cost of the remedial measures; the benefit of the public, and the impact on the noise source.
- B. Revocation Of Variance: Any permanent variance may be revoked by the village president if there is a significant change in the facts from the time the original variance was granted and if, following the same procedures involved in issuing the original permit, the village president should conclude it is in the best interest of the public to revoke the permit. (Ord. 1998-05, 2-3-1998)

5-7-5: EXEMPTIONS:

- A. Emergency Operations: Emergency short term operations which are necessary to protect the health and welfare of the citizens, such as emergency utility and street repair, fallen tree removal or emergency fuel oil delivery shall be exempt; provided, that reasonable steps shall be taken by those in charge of such operations to minimize noise emanating from the same.
- B. Noises Required By Law: The provisions of this chapter shall not apply to any noise required specifically by law for the protection or safety of people or property.
- C. Powered Equipment: Powered equipment such as lawn mowers, small lawn and garden tools, riding tractors and snow removal equipment which is necessary for the maintenance of property, if kept in good repair and maintenance, and which equipment, when new, would not comply with the standards set forth in this chapter, shall be exempted.
- D. Community Events: "Community events" which shall include such things as parades, festivals, drum corps shows, sports events, July 4th celebrations, sanctioned or sponsored in whole or in part by local governments, schools or charitable or service organizations are exempted. (Ord. 1998-05, 2-3-1998)

5-7-6: PENALTY:

Any person, firm or corporation violating this chapter shall be fined not less than fifty dollars (\$50.00) nor more than seven hundred fifty dollars (\$750.00) for each offense. (Ord. 1998-05, 2-3-1998)

VILLAGE OF MAPLE PARK

ORDINANCE NO. 2016-XX

**AN ORDINANCE AMENDING TITLE 5 “PUBLIC HEALTH
AND SAFETY,” CHAPTER 7 “NOISE CONTROL,”
SECTION 3 “HOURS RESTRICTED”**

**ADOPTED BY
THE BOARD OF TRUSTEES
OF THE
VILLAGE OF MAPLE PARK**

Published in pamphlet form by authority of the Board of Trustees of the Village of Maple Park,
Kane and DeKalb Counties, Illinois, this ____ day of _____, 2016.

ORDINANCE NO. 2016-XX

AN ORDINANCE AMENDING TITLE 5 “PUBLIC HEALTH AND SAFETY,” CHAPTER 7 “NOISE CONTROL,” SECTION 3 “HOURS RESTRICTED”

WHEREAS, it is the intent of the Board of Trustees to protect and preserve the public health, safety, welfare and morals of the citizens of the Village of Maple Park to the full extent allow by law; and

WHEREAS, Citizens of the Village of Maple Park have brought this issue to the attention of the Board of Trustees;

WHEREAS, the President and Board of Trustees have considered the Proposed Amendments and the recommendation of the Infrastructure Committee, and have determined that adoption of the Proposed Amendments, as set forth in this Ordinance, will serve and be in the best interest of the Village and its residents;

NOW, THEREFORE, BE IT ORDAINED by the President and Board of Trustees of the Village of Maple Park, Kane and DeKalb Counties, Illinois, as follows:

RECITALS.

SECTION 1: That Section 3 “Hours Restricted” be amended in its entirety to read as follows:

- A. Day Hours: No person shall cause or allow the emission of sound during the daytime hours (_____ a.m. to _____) from any noise source to any receiving residential land which exceeds sixty-five (65) dBA when measured at any point within such receiving residential land; provided, however, that point of measurement shall be on the property line of the complainant.
- B. Night Hours: No person shall cause or allow the emission of sound during nighttime hours (_____ p.m. to _____ a.m.) from any noise source to any receiving residential land which exceeds fifty (50) dBA when measured at any point within such receiving residential land; provided, however, that point of measurement shall be on the property line of the complainant.

SECTION 6: SEVERABILITY. If any provision of this Ordinance or part thereof is held invalid by a court of competent jurisdiction, the remaining provisions of this Ordinance are to remain in full force and effect, and are to be interpreted, applied, and enforced so as to achieve, as near as may be, the purpose and intent of this Ordinance to the greatest extent permitted by applicable law.

SECTION 7: EFFECTIVE DATE. The provisions of this Ordinance will be in full force and effect upon its passage, approval and publication, in accordance with law.

PASSED this ____ day of _____, pursuant to roll call vote as follows:

AYES: _____

NAYS: _____

ABSENT: _____

APPROVED this ____ day of _____, 2016.
