4. NEXT BUDGET WISH LIST – PRIORITIZE NEXT INITIATIVES

Chairman Harris said that he would like the committee to discuss and prioritize projects for FY2021. The committee discussed several roads that need to be paved, and they also discussed some sidewalk improvements. The committee briefly discussed the flow test and the site plan for a new water tower.

Out to bid possibly by the second week in July and possibly start the project in September.

6. ENGINEERING STATUS AND DIRECTION

Trustee Harris advised that Village Engineer Jeremy Lin was not able to make the meeting, but said that there would be a discussion about the engineering RFP at the Committee of the Whole meeting on May 7th, but he would like to discuss this item. There was as brief discussion.

7. DISCUSSION OF GIS TRAINING UPDATES

Trustee Harris said that Trustee Higgins was getting training prices and he is hoping that this is not going to be held up because there isn't a decision with the engineering RFP. Consensus was to wait for Trustee Higgins to bring in the bids to move forward with this item.

8. IMPLEMENT CENTER STREET PAVING TIMELINE

Trustee Harris advised that the committee had already discussed this item. Trustee Dries suggested asking the Village Engineer to present a map of the project, and possibly a before and after picture. The committee then briefly discussed the Center Street Paving Project.

9. DISCUSSION SIDEWALK IMPROVEMENTS

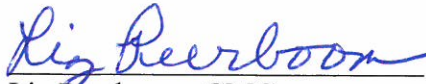

The committee discussed sidewalk improvement. Trustee Dries had a concern about asking the homeowner to pay for half of the cost of the replacement of the sidewalk.

Clerk Peerboom suggested having the Public Works Director identify sidewalks that need to be replaced and send a letter to residents asking if they are interested in the 50/50 sidewalk program. Then, this could be put in the FY2021 budget.
