 Field work at the end of June. Our financials will be forever changing until the

 include a budget report. Please let me know if you have any specific areas of
 concern.
- I have not included a Fund Balance Report, this will be updated once the audit is completed.
- Water Department Dashboard The pumped to billed percentage was at 71.39%.
 This is well under where it needs to be. We have been working on trying to find out what issues are causing this variance.
